

## SMOOTH PARADISE

You got to see me cry  
Then I realized  
There's a place in your eyes

There, in a mellow dream  
Somewhere I've never been  
Such a smooth paradise

You are the only one  
To get inside my soul  
You are the only one  
To make me lose control

### CHORUS / REFRAIN

*I'm falling down and I like it  
You do the live-briefs of your mind  
I m falling down it's what I wanted  
It doesn't matter what I find  
why are you my perfect downfall*

The way you swallowed me  
I wonder hopelessly  
Sleepin' and slidin' to your heart

I'm swimming helplessly  
In woods of extasy  
Blinded by the dark

You are the only one  
Who let me in so far  
You are the only one  
But I don't know who you are

### CHORUS / REFRAIN N°2

*I m falling down and I like it  
You do your tension resents  
I m falling down it's what I wanted  
But will I find my way back home  
Why are you my perfect downfall*

*I'm falling down and I like it  
What part to be in my fate  
I'm falling down and I'm boundless  
To change, to change is too late  
Why are you my perfect downfall*
