

MY EVERYTHING (2025)

Ouh ouh ouh ouh.
Oh oh oh oh oh
Everything, yeah,
Ouh ouh ouh ouh.
You're everything to me
Oh oh oh oh

CHORUS

*It just wouldn't be right,
If we were not together,
I couldn't stand the sight, oh
If you weren't in the picture,*

*Baby you're my Everything,
You're everything to me,
Don't compare me to your ex,
Cuz' I'm not that girl,
She left your heart in a mess,
But you should know your my world.*

I feel myself breaking,
It's like i'm being ripped open,
I'm half the woman I was when,
I was your woman,

Don't run away from love,
This is far from a game,
I know your hearts been broken more than once,
But this time wont be the same.

CHORUS

*It just wouldn't be right,
If we were not together,
I couldn't stand the sight, oh
If you weren't in the picture,*

*Baby you're my Everything,
You're everything to me,
Don't compare me to your ex,
Cuz' I'm not that girl,
She left your heart in a mess,
But you should know your my world.*

My world,
Baby don't you trust me,
Because we can make it,
Through the rain,

Without you there's no us,
Baby you're my everything.
Baby you're my everything.
You're everything to me.

BRIDGE

You ask me questions,
Answers your heart already knows,
Because there is no comparison,
Between me and the girls that came before,
Why should I fight,
To put RIGHT their mistakes,
Why must I pay the price?
For the choices they made,
Open your heart to love again.

CHORUS

*It just wouldn't be right,
If we were not together,
I couldn't stand the sight, oh
If you weren't in the picture,*

*Baby you're my Everything,
You're everything to me,
Don't compare me to your ex,
Cuz' I'm not that girl,
She left your heart in a mess,
But you should know your my world.*
