

Linda pequeña..  
Dont walk too much, the streets are sad  
And you got to grow inside  
Without a doubt, without the Bad

Linda pequeña...  
I can read in your eyes  
Love and future, so nice  
But also miseries of memories

Linda pequeña  
Dont trust in everyone  
Dont trust in the men you meet  
They are traps in the streets

Linda pequeña  
Keep in your glance this light  
Dont lose your chance into the night  
For a cople of money..you re not right

Linda pequeña  
Quiero protejer tu vida  
I dont want you to miss your dream  
And disappear into the steam

Linda pequeña  
One day you ll be a star  
In the sky you ll go far  
From all this sady things..

Linda pequeña  
Mi Linda pequeña  
Linda pequeña  
Linda pequeña

Linda pequeña  
I m scared to let you  
Cause I know you are blue  
But I must go home

Linda pequeña  
Please swear to be true  
Make up your mind  
For any things you got to do

Linda pequeña  
I'll never forget you  
There will always be a place in my heart, for you  
Linda pequeña...

Linda pequeña
